Notwithstanding the foregoing, the Board may at any time require the removal of any animal, including domestic dogs and/or cats, which it finds is creating unreasonable noise or otherwise disturbing the other Owners, or their family members, invitees or licensees, in the Board's determination, and may exercise this authority for specific animals even though other animals are permitted to remain. All Owners shall be responsible for picking up and properly disposing of all organic waste of their domestic dogs and cats.

Section 9. Exterior Improvements, Appearance and Emergency Maintenance. No Owner shall install or place any item or construct any Improvement on any Lot or the exterior of his or her Dwelling Unit without the prior written consent of the Architectural Committee. In addition, all Owners shall keep and maintain their Lots and Dwelling Unit exteriors in a repaired, attractive, clean and habitable condition as determined by the Board in its reasonable judgement. In the event any Owner does not satisfy this standard, the Board and its agents or employees, may, after thirty (30) days' prior written notice to such Owner: 1) levy a fine, in an amount as determined by the Board, against said Owner for as long as the violation persists, and/or 2) enter such Lot to make such repairs or perform such maintenance as to bring such Lot and/or Dwelling Unit exterior into compliance with this Section. Any such fines and any cost incurred by the Association for repairs and maintenance shall be treated as Limited Assessments to such Owner.

In the event an emergency which in the judgment of the Board presents an immediate threat to the health and safety of the Owners, their family members, invitees or licensees, or an immediate risk of harm or damage to any Lot, Dwelling Unit or any other part of the Property, the Board and its agents or employees, may enter any Lot to make repairs or perform maintenance. Such entry shall be repaired by the Board out of Regular or Special Assessments (unless the emergency was caused by an Owner, his family members, invitees or licensees, in which case the cost shall be treated as a Limited Assessment and charged only to that Owner). In addition, if the repairs or maintenance were requested by an Owner, the costs thereof shall be treated as a Limited Assessment to such Owner.

Fences shall not be built closer to the front of a Lot than the corner of the Dwelling Unit on either side. The location of fences shall be so situated as to not unreasonably interfere with the enjoyment and use of any other portion of the Property and shall not be allowed to constitute an undesirable nuisance or noxious use.

Section 12. Antennae/Dishes. All antennae and/or satellite or other dishes shall be pre-approved in writing by the Architectural Committee and shall be placed and/or mounted in such a way to minimize the visual impact to all other portions of the Property. Only one (1) antennae and/or satellite or other dish may be situated on any Dwelling Unit or Lot.

Section 13. Insurance. Nothing shall be done or kept in any Dwelling Unit, Lot or Common Lot which will increase the rate of insurance on the Common Lots or any other Dwelling Unit or Lot. **Each Owner must maintain a homeowner's insurance policy insuring the homeowner from loss by fire, theft, and all other loss or damage.**

Each Owner of a Lot originally purchased from Declarant must commence construction of his or her Dwelling Unit (if not already constructed) within six (6) months from the closing date thereof, unless otherwise agreed by Declarant. Once such construction has commenced, such Owner shall have twelve (12) months from the commencement date in which to complete construction of the Dwelling Unit (if not already constructed). **In the event any Owner violates either (or both) of the construction time requirements contained herein, said Owner shall pay to the Association a fine of \$100/day for as long as the violation persists. This fine is applicable to both the construction commencement and construction completion requirements.** Any fine, or fines, shall be due and payable within thirty (30) days of receiving an invoice therefore.

It shall be conclusively presumed that all such Improvements are in good condition at the time building has begun on each Lot unless the contrary is shown in writing at the date of conveyance or by date of possession, whichever date shall first occur, which notice is addressed to a member of the Architectural Committee.

Section 21. Garbage Pick-Up. Garbage and recycle containers shall be placed on the appropriate sidewalks or driveways only on garbage and recycle collection days, and such containers must be removed no later than 8:00pm that evening.

The due dates shall be established by the Board, which may be annually, quarterly or monthly as the Board, in its sole discretion, shall determine. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the Assessments on a specific Lot have been paid. A properly executed certificate of the Association as to the status of Assessments on a Lot is binding upon the Association as of the date of its issuance.

Section 5. Effect of Nonpayment of Assessments: Remedies of the Association. Any Assessment not paid within thirty (30) days after the due date shall bear interest from that date at a rate equal to the lesser of twelve percent (12%) or the highest rate allowed by applicable law. Additionally, a late fee of \$50.00 shall be added to and charged on each Assessment which is not paid within this payment period. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the Lot. No Owner may waive or otherwise escape liability for the Assessments provided for herein by non-use of the Common Lots or abandonment of his or her Lot.

Section 6. Subordination of the Lien to Mortgages. The lien of the Assessments provided for herein shall be subordinate to the lien of any first Mortgage. Sale or transfer of any Lot shall not affect the Assessment lien. However, the sale or transfer of any Lot pursuant to foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such Assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any Assessments thereafter becoming due or from the lien thereof.

ARTICLE IX: AUTHORITY OF BOARD OF DIRECTORS

Section 1. Authority of Board. The Board, for the benefit of Declarant, the Association and the Owners, shall enforce the provisions of this Declaration and the Association's articles, bylaws and rules, shall have all powers and authority permitted to the Board under the Association's articles and bylaws and this Declaration, and shall acquire and shall pay all goods and services requisite for the proper functioning of the Association and the Property, including, but not limited to, the following:

(d) The services of Persons as required to properly manage the affairs of the Association to the extent deemed advisable by the Board as well as such other personnel as the Board shall determine are necessary or proper for the operation of the Property.

(e) Legal and accounting services necessary or proper in the operation of the Association's affairs, administration of the Property, or the enforcement of this Declaration.

(f) Any other materials, supplies, labor services, maintenance, repairs, structural alterations, insurance, taxes or assessments which the Board is required to secure by law or which in its opinion shall be necessary or proper for the operation of the Property or for the enforcement of this Declaration.

(g) The Board shall not incur any non-budgeted expenditure in excess of \$3,000.00 without the approval thereof by two-thirds (2/3) of each class of Members voting thereon at a meeting called for such purpose, except for an emergency threatening the security of any Improvement on the Property.

The Board shall have the absolute right to adopt any rules and regulations it deems to be in the best interest of the Property and the Owners. By accepting a deed to any portion of the Property, all Owners hereby covenant that they will adhere to any such rules or regulations. In addition, the Board shall have the absolute right to hire or otherwise contract with independent third parties (including, without limitation, Declarant and/or any of its affiliates) to operate, maintain and manage the Common Lots and to perform any other right, duty or obligation of the Board or Association.

Section 2. Easement. The Association and Board, and their agents and employees, shall have, and are hereby granted, a permanent easement of ingress and egress to enter upon each Lot for the purposes of performing repairs, maintenance and care of the Property as provided herein and for otherwise discharging the responsibilities and duties of the Association and Board as provided in this Declaration.

Section 3. Non-Waiver. The failure of the Board in any one or more instances to insist upon the strict performance of any of the terms or Restrictions of this Declaration, or of the Association's articles, bylaws or rules, or to exercise any right or option contained in such documents, or to serve any notice or to institute any action, shall not be construed as a waiver or a relinquishment for the future of such term or Restriction, but such term or Restriction shall remain in full force and effect. Failure by the Board to immediately enforce any such term or Restriction shall not be deemed a waiver of the right to do so thereafter, and no waiver by the Board of any provision hereof shall be deemed to have been made unless expressed in writing and signed for the Board. This Section also extends to the Declarant exercising the powers of the Board during the initial period of operation of the Association.

Section 4. Limitation of Liability. The Board shall not be liable for any failure of any utility or other service to be obtained and paid for by the Board, or for injury or damage to a Person or property caused by the elements, or by another Owner or Person; or resulting from electricity, gas, water, rain, dust or sand which may lead or flow from pipes, drains, conduits, appliances, or equipment, or from articles used or stored by Owners on the Property or in Dwelling Units. No diminution or abatement of Assessments shall be claimed or allowed for inconveniences or discomfort arising from the making of repairs or Improvements to the Property or from any action taken to comply with any law, ordinance, or order of a governmental authority. This Section shall not be interpreted to impose any form of liability by implication, and shall extend to and apply also for the protection of the Declarant exercising the powers of the Board during the initial period of operation of the Association and the Property.

Section 5. Indemnification of Board Members. Each member of the Board shall be indemnified by the Association and the Owners against all expenses (including attorneys' fees and costs), judgments, liabilities, fines and amounts paid in settlement, or actually and reasonably incurred, in connection with any action, suit or proceeding, whether civil, criminal, administrative or investigative instituted by or against the Association or against the Board member and incurred by reason of the fact that he or she is or was a Board member, if such Board member acted in good faith and in a manner such Board member believed to be in or not opposed to the best interests of the Association, and, with respect to any criminal action or proceeding, had no reasonable cause to believe that such Board member's conduct was unlawful. This Section shall extend to and apply also to the indemnification of the Declarant.

ARTICLE X: ARCHITECTURAL COMMITTEE

Section 1. Charter of Architectural Committee. The Association or Declarant is authorized to appoint an Architectural Committee. The charter of the Architectural Committee is to represent the collective interests of all Owners, and to help Owners wishing to make exterior Improvements. **Each Owner is deemed to covenant and agree to be bound by the terms and conditions of this Declaration, including the standards and process of architectural review and approval. Section 2. Architectural Control. No exterior Improvement, including, without limitation, Dwelling Unit, building, deck, patio, fence, landscaping, permanent exterior affixed decoration, exterior lighting or heating, cooling and other utility systems shall be altered, erected, or placed on the Property unless and until the building, plot or other plan has been reviewed in advance by the Architectural Committee and same has been approved in writing, and an appropriate building permit has been acquired, if required by law. The review and approval may include, without limitation, topography, finish, ground elevations, landscaping, lighting, drainage, color, material, design, conformity to other residences in the area, and architectural symmetry. Approval of the architectural design shall apply only to the exterior appearance of said Improvements. Section 3. Review of Proposed Improvements. The Architectural Committee shall consider and act upon any and all proposals or plans and specifications submitted for its approval pursuant to this Declaration, and perform such other duties from time to time as may be assigned to it by the Board and/or Declarant, including the inspection of construction in progress. The Architectural Committee may condition its approval of proposals upon the agreement of the Owner to an additional Assessment for the cost of maintenance of any Improvement. The Architectural Committee may require submission of additional plans or review by a professional architect. The Architectural Committee may issue architectural guidelines and/or guidelines setting forth procedures for the submission of plans for approval. The Architectural Committee may require such detail in plans and specifications submitted for its review as it deems proper, including, without limitation, floor plans, site plans, drainage plans, elevations, drawings and description of samples of exterior material and colors. Until receipt by the Architectural Committee of all required plans, specifications, fees and/or deposits the Architectural Committee may postpone its review. Decisions of the Architectural Committee and the reasons therefor shall be transmitted by the Architectural Committee, in writing, to the applicant at the address set forth in the application for approval within thirty (30) days after its receipt of all materials, fees and/or deposits required by the Architectural Committee. If the Architectural

Committee has not accepted (either conditionally or otherwise) or rejected an Owner's application within this thirty (30) day period, such application shall be deemed approved.

Section 4. Inspection of Approved Improvements. Inspection of work and correction of defects therein shall proceed as follows:

(a) Upon completion of any work for which approved plans are required under this Article, the Owner shall give written notice of completion to the Architectural Committee.

(b) Within sixty (60) days thereafter, the Architectural Committee, or its duly authorized representative, may inspect such Improvement. If the Architectural Committee finds that such work was not done in substantial compliance with the approved plans, it shall notify the Owner and the Board in writing of such noncompliance within such sixty (60) day period, specifying the particulars of noncompliance, and shall require the Owner to remedy the same.

(c) If upon the expiration of thirty (30) days from the date of such notification the Owner shall have failed to remedy such noncompliance, the Board may, at its option, sue to enforce compliance with the approved plans, correct such noncompliance itself, fine such Owner in an amount reasonably determined by the Board, and/or take such other actions as are appropriate, including the levy of a Limited Assessment against such Owner for reimbursement associated with correcting such noncompliance.

Section 5. Review of Unauthorized Improvements. The Architectural Committee may identify for review, Improvements which were not submitted to the approval process as follows:

(a) The Architectural Committee or its duly authorized representative may inspect such unauthorized Improvement.

(b) If the Architectural Committee finds that the work is in noncompliance with this Declaration and/or its standards or guidelines, it shall notify the Owner and the Board in writing of such noncompliance and its request to remedy such noncompliance.

(c) If the Owner has not remedied such noncompliance within a period of not more than thirty (30) days from his or her receipt of the noncompliance notice, then the Board may, at its option, sue to enforce compliance with this Article, correct such noncompliance itself, fine such Owner in an amount reasonably determined by the Board, and/or take such other actions as are appropriate, including the levy of a Limited Assessment against such Owner for reimbursement associated with correcting such noncompliance.
